Art Barn is all about providing a pressure free environment where your child can grow in confidence and independence while further developing their creative minds.

**First Messy Art Class:** An introduction to art through messy play. We will give the children an opportunity to use a wide range of materials. Every week is themed with a short art project and related rhymes, songs and stories.

**Creative and Messy Class:** A range of art and craft activities. Children are encouraged to follow some simple instructions when working on our weekly projects. Also, lots of opportunities to get messy if they want to.

**Art and Craft class:** Activities such as drawing, painting and working with shapes and colours to further develop their art skills. We encourage the children to use their own ideas when working on their weekly project.

**First Messy Art Class with a packed lunch:** A new fun class, please see attached leaflet for further information.
