Wednesday	17.00 – 18.00	After-school Art and Craft Class Drop off only	5yrs+	£220

First Messy Art Class: An introduction to art through messy play. We will give the children an opportunity to use a wide range of materials. Every week is themed with an art project and related rhymes and stories.

Creative and Messy Class: A range of art and craft activities. Children are encouraged to follow some simple instructions when working on our weekly projects. Also, lots of opportunities to get messy if they want to.

Art and Craft Class: Activities such as drawing, painting and working with shapes and colours to further develop their art skills. We encourage the children to use their own ideas when working on their weekly project.

After-school Art and Craft Class: This class offers children the opportunity to try their hand at different art techniques and use a variety of mediums, while expanding on their own ideas. Each week has a theme, and the children get involved in a planned project.

How we are managing Covid in our classroom: Please note that most classes are shorter in length than our previous timetable, this is to ensure that we can set up a suitable format within Covid regulations. For the time being we can no longer offer the children the opportunity of freely moving around stations. However, we will bring the various activities and projects to their area which will help them with social distancing without the children even knowing.
